

SETTING UP APPLICATION ENVIRONMENT CREATE SENDGRID ACCOUNT

Date	29 October 2022
Team ID	PNT2022TMID32930
Project Name	Smart Fashion Recommender Application

Step 1. Navigate to <https://sendgrid.com>

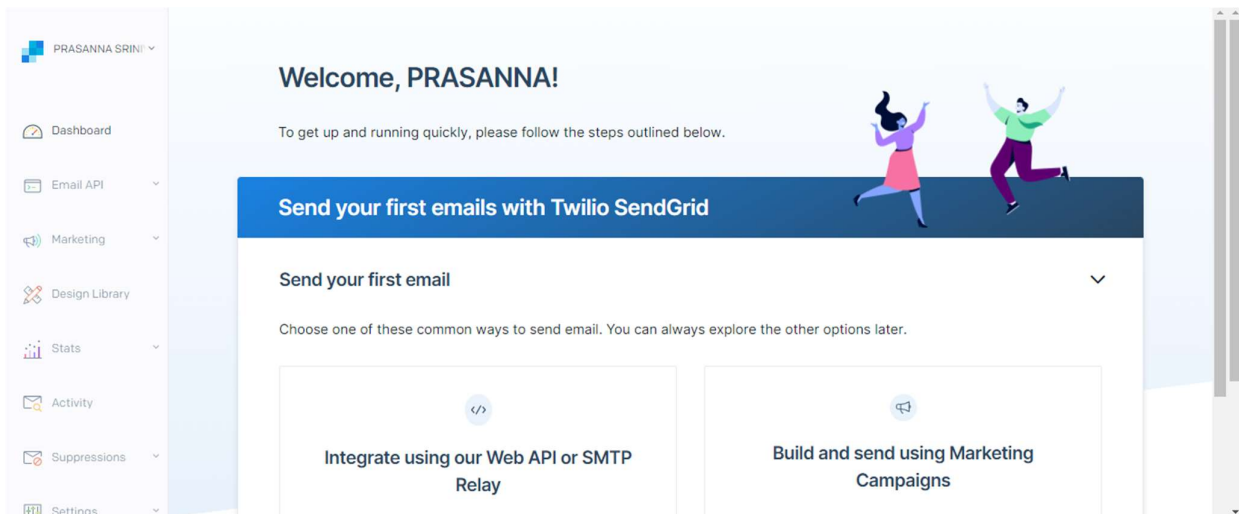

Step 2. Click on “Start for free” and register yourselves by entering required details and click on create account

The image shows the SendGrid registration page. At the top, the Twilio SendGrid logo is displayed. Below it, the heading "Let's Get Started" is followed by the text "Sign up for free. No credit card required." The registration form includes an email input field with "Prasanna.jose6@gmail.com" entered, a checked checkbox for "Use email address as username", and a password input field with masked characters. A note below the password field states "Must have at least 16 characters." At the bottom of the form is a checkbox for "I'm not a robot" and a reCAPTCHA widget. To the right of the form, a "Try it out!" section lists features: "Send email for free.", "Automated drip campaigns", "Password resets", "Newsletters", "Receipts", "Delivery notifications and updates", and "Deleted emails". A yellow paper airplane icon with a dashed green line trailing behind it is positioned above this list. A "Privacy - Terms" link is at the bottom right.

Step 3. Further fill all required details in next page and click on get started

Step 4. That's it you have created your SendGrid account and got access to dashboard

The image shows the SendGrid dashboard for a user named PRASANNA SRINI. A left sidebar contains navigation links: Dashboard, Email API, Marketing, Design Library, Stats, Activity, Suppressions, and Settings. The main content area features a "Welcome, PRASANNA!" message with a subtext "To get up and running quickly, please follow the steps outlined below." Below this is a blue banner that reads "Send your first emails with Twilio SendGrid". Underneath the banner, a section titled "Send your first email" provides instructions: "Choose one of these common ways to send email. You can always explore the other options later." Two options are presented in white boxes: "Integrate using our Web API or SMTP Relay" (with a code icon) and "Build and send using Marketing Campaigns" (with a megaphone icon). An illustration of two people jumping is on the right side of the dashboard.
